

Protect Plus Surgical Gowns

Protect Plus surgical gowns offer users a superior level of protection.

ITL Healthcare's range of surgical gowns meets Class 1 Flammability Requirements for CPSC 16 CFR - Part 1610

Procedures with Low to Moderate Anticipated Fluid Exposure Risk

Low

- Tonsillectomies/adenoidectomies
- Endoscopic, GI procedures
- Simple Orthopaedic procedures
- Open hernia
- Minimally invasive surgery
- Interventional radiology/cath lab

Moderate

- Mastectomy
- Arthroscopy orthopaedics
- Endoscopic urology/TURP
- Open GI - urinary procedurals

ITL Healthcare offers a range of surgical gowns in sizes and lengths to please all surgical staff. Our breathable fabric, wide cut designs and longer sleeves keeps users comfortable even during long procedures and Velcro is used on our neck collars for easy donning and adjusting.
